State Schools' Relief is a charity that provides government school children with new school footwear and clothing when they need it most.

Last year we assisted 84% of the States Secondary schools and 40% of Victorian Primary Schools. We had 10,463 requests for assistance from families and kids in situations such as financial hardship, domestic violence, abuse, neglect, poverty, natural disasters and homelessness.

This was at a cost of \$762,000.

Visit www.bigviccrosscountry.net.au to register a team. Schools can invoice State Schools' Relief for 30% of the money raised.

Do it for a good cause! Get sponsored by your friends and family to support your school and a charity that gives Victorian children the confidence to connect with their school community.

School Sport Victoria [SSV] facilitates the running of interschool sport in government and most catholic and other independent schools.
